

GUARDIAN

Our Mission, to be the most progressive supplier of commercial, industrial, fire resistant door and shutter systems to the UK and world markets.

Built on our companies core values of quality, reliability, accountability, flexibility, courtesy and progression.

We strive to uphold these values in both respect to our products and service.

Guardian was founded in 1979, and has expanded year on year, our team now consists of over 30 people. We operate a national service to a wide variety of clients.

Information is available on the Guardian range via a variety of sources. Our Internet catalogue is available 24 hours a day at guardiandoors.com.

We can also dispatch printed information, or our CD-Rom catalogue when requested.

Guardian is a member of the Door and Hardware Federation which is dedicated to upholding members standards and technical competence, professional integrity and quality.

To reflect our commitment to quality and customer satisfaction we operate a quality management system.

Emergency cover is also extended 24 hours a day from our team of field based installation and service engineers.

Guardian offer a fast track service on almost all of its range

SURVEYS

At Guardian we offer a fast and complete service with surveys carried out by appointment, within 48 hours of the receipt of an enquiry. Our technical representatives then prepare and submit by return, a detailed drawing and quotation.

CONSULTATION

Every clients needs are different depending on many factors, our technical representatives will advise and discuss the best solution for the individual application, based on a thorough analysis of the site, requirements and budget.

DESIGN

Our door and security systems are very rarely standard and warrant a bespoke product to suit the application. Our design team work with the latest CAD software often inserting our scaled construction drawings into clients building plans. We offer NBS specifications CAD drawings and technical information for all our products available online.

INSTALLATION

All installations are scheduled at the most suitable time for the client. Work is carried out on a door a day basis, thus reducing any potential inconveniences to the client.

MAINTENANCE

All service and maintenance calls are carried out by Guardian's qualified engineers. Quarterly or twice yearly service contracts are available and provide for regular inspection and preventative maintenance.

REPAIRS

Our Nationwide repair service is available 24 hours a day, 365 days a year.

Our repair and maintenance service is accredited to the DHF TS004 quality standard.
